NATIONAL TECHNICAL SYSTEMS, INC.,

Petitioner,

v.

WYLE LABORATORIES

Registrant.

Cancellation No. 92040076
Registration No. 1,884,383
Registration No. 2,125,993

**CONSENT TO AMENDMENT OF REGISTRATIONS AND
WITHDRAWAL OF THE PETITION FOR CANCELLATION**

On December 27, 2001, Registrant filed two Requests For Amendment Of Registration for U.S. Registration No. 1,884,383 and U.S.Registration No. 2,125,993.¹ By these requests, Registrant seeks to disclaim the exclusive right to use the acronym "NRTL" apart from the mark as shown.

Petitioner, National Technical Systems, Inc., consents to the amendments of the registration. Trademark Rule 2.133(a).

¹

The Requests for Amendment did not reference the cancellation number in the caption. However, the cancellation number is referenced in the body of the request.

Because Registrant has amended its registrations by disclaiming the exclusive right to use the acronym "NRTL", Petitioner withdraws the petition for cancellation.
